

Stage 1 Audit Readiness Checklist

What to have in place before your Stage 1 documentation and readiness review.

Documentation

- ☐ Management system scope documented
- ☐ Policy and key procedures in place
- ☐ Statement of Applicability (for ISO 27001)

Planning & risk

- ☐ Risk assessment completed and treatment planned
- ☐ Objectives set with measurable targets
- ☐ Legal, regulatory and other requirements identified

Evidence the system is operating

- ☐ At least one internal audit completed
- ☐ A management review held
- ☐ Records showing processes in use

Logistics

- ☐ Key personnel available for the audit
- ☐ Access to sites/systems arranged (or remote access ready)
- ☐ Nominated management-system contact
